TALL BEARDED IRIS

Plant them right now! Time yet for rhizomes to get established before winter in northern climes, while down south cooler days in prospect assure best conditions for transplanting.

We can give you quick service, so if you have not already ordered, dig out that catalog we sent you earlier this summer and try some of our "Mile-High" Iris that are bringing praise from gardeners in every state.

Can't decide which varieties to grow?

Let us help you. We have good supplies of many fine varieties. To acquaint you with the high quality stock we send out, we make this special offer, our

\$2 TWO SPOT SPECIAL \$2

For two dollars we will send you at least five or more Iris, our choice of varieties, with value at least double purchase price.

Each rhizome will be: (1) freshly dug (4) carefully packed
(2) different (5) healthy stock
(3) separately labeled (6) shipped postpaid

Just send us two dollars and you'll have the start of — or addition to — your iris garden that will please for years to come.
